01 — WEBSITE BUILD

Full Website Build

\$400.00

A complete, branded website built to the standard you've already seen in the preview. Includes:

- > **Homepage** — Full branded landing page with your farm photos, product overview with tabbed categories and pricing, your story, farming philosophy, trust indicators, a customer quote, and a call-to-action section.
- > **About Page** — Your full story, a photo gallery from your submitted images, and your differentiators presented in a way that builds trust with first-time visitors.
- > **Contact Page** — A contact form that sends messages directly to your email inbox. No third-party login required — someone fills it out, you get the email.
- > **Shopify Storefront** — Built to match the same look and feel as the rest of your site. I'll configure all of your products, prices, and variants so the store is ready to take orders on day one. Shopify is my recommendation, but not the only option — we can discuss alternatives if you'd like. Once delivered, managing the store is entirely on your end through a simple dashboard you can access from your phone. A written instructional guide specific to your setup is included.
- > **Up to 3 Revisions** — Within 7 days of delivery. If something isn't right, we fix it.

Domain & DNS Configuration

\$100.00

You provide access to your GoDaddy account and I handle everything. I'll point longbranch-farms.com to your site, configure Cloudflare, and verify everything resolves correctly before handoff. Cloudflare is billed directly by them — separate from my setup fee.

PLAN	COST	INCLUDES
Cloudflare Free	\$0/mo	DNS management, global CDN for fast load times, and basic DDoS protection. Sufficient for most small business sites and farm stores.
Cloudflare Pro	\$25/mo	Everything in Free, plus a web application firewall, advanced bot protection, and enhanced image optimization. Adds an extra layer of security around your store and customer data.

Shopify Basic

\$29/mo paid annually | **\$39/mo** paid month-to-month

This is billed directly by Shopify — not part of my fee. It's the platform your store runs on after delivery.

WHAT'S INCLUDED

› Sell online, in person & in AI channels	› Inventory & order management
› Secure payment processing	› Built-in analytics & reporting
› AI tools for product descriptions & insights	› Millions of AI commerce tokens included

Card processing on your store: **2.9% + \$0.30 per transaction** — the only per-sale fee, with no additional platform charge. Many sellers build this into their pricing. For example, pricing a \$80 Pork Bundle Box at \$83 fully offsets the fee. (This is separate from the Stripe fee on my invoices below.)

Social Media Graphics Package

\$40.00

Four seasonal logo designs (Winter, Spring, Summer, Fall) plus two additional graphics of your choice. You describe what you want and I design them in Canva Pro. Keeps your Facebook presence consistent and on-brand year-round.

Drone Photography & Video Package

\$200.00

A few aerial photos of the farm plus a drone video. Handled by a licensed and insured third-party operator. Exceptional for an About page, social media, and giving first-time visitors a real sense of your land and operation.

Website Build	\$400.00
DNS Setup & Cloudflare Configuration	\$100.00
BASE SUBTOTAL	\$500.00
Kentucky Sales Tax (6%)	\$30.00
Stripe Processing Fee (2.9% + \$0.30, per invoice)	\$15.98
	\$545.98
+ Social Media Graphics (optional, +tax & fee)	\$40.00
+ Drone Package (optional, +tax & fee)	\$200.00

Long Branch Farms covers the Stripe payment processing fee (2.9% + \$0.30 per invoice) and Kentucky sales tax (6%) on all amounts paid to Custom Web Architecture. These are itemized above and reflected in each invoice below.

INVOICE 01 — DUE TO BEGIN

\$272.99

\$250.00 base + \$15.00 tax + \$7.99 Stripe fee

50% of base scope. Sent via Stripe upon agreement. Work begins on receipt.

INVOICE 02 — DUE ON DELIVERY

\$272.99

\$250.00 base + \$15.00 tax + \$7.99 Stripe fee

Remaining 50% due on delivery (~October 15, 2026). Optional add-ons added here if selected.

By signing below, both parties agree to the scope, pricing, and payment terms outlined in this proposal.
